

SNP CND Treasurer's Report

4th November 2018 Ron Dickinson

Essentially three SNP conferences included in this report from last year. The October 2017 conference took a long time to sort out financially. Thankfully October 2018 is already concluded so we start the new year with a clear financial picture.

We have made four separate presentations – Maryhill / Springburn, Hamilton, Renfrew and Dalriada branches - on 'The Trouble With Trident', raising a total of over £100 in donations.

We held two conferences, one along with our AGM last November in Stirling and the Two Men and a Bomb event at CCA, Glasgow.

We also have clear guidelines on financial management and Scottish CND support for party conferences.

- Expenses for travel and subsistence must now be approved in advance.
- Scottish CND will fund conference stall hires
- SNP CND buy merchandise at cost from SCND and retain profits
- All membership funds and 50% of any donations go to SCND

Detail income and expenditure are shown in the table.
